TO LUMBER MANUFACTURERS AND DEALERS.
VALUABLE Property at private sale, situated on the Straits opposite Mackinaw, and on the Sheboygan River, containing about 18,000 acres of land, a large portion of which is heavily timbered with best quality of pine. The improvements on this property are, 1st—the village of DUNCAN; on the main land South Channel or pass, is a large steam Mill, of modern construction, with Siding Machine, Shingle and Lath Machines, and capable of manufacturing fifty thousand feet of lumber in 24 hours; also, Hotel, Land Office, Store, and sundry dwelling houses and Smith shop. The Sheboygan Steam Mill, on and near the mouth of Sheboygan River. The Sheboygan Water Mill, one mile from the mouth, with dwelling houses, barns, &c. At Duncan a Pier is erected, extending out to a sufficient depth of water to accommodate any vessel navigating the Lakes. This is admitted by navigators, by reason of the bay and Pier, to be the best Lake Harbor between Detroit and Chicago—it is a desirable Wooding and Coaling Point, being on the direct route for Propellers and sailing vessels. This property is desirable as a point at which a town must soon grow up, as the country back of it is fast filling up, for many miles, with settlers.
The Sheboygan Water Mill has the entire power of Sheboygan River, a never failing stream of great volume, which never freezes; the dam being at the falls of the river, is easily kept in repair. This is the most valuable water privilege in the State of Michigan, north of Grand Rapids.
To a company or individuals, desirous of entering into the lumber trade, this property offers rare inducements, with a certainty of greatly increased value in a very few years, and will be sold much below original cost, or present value, to close a concern.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to their former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. The Oldest Establishment in the State
the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.
They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.
They have always on hand a large stock of BRASS WORKS, such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.
They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.
In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

LIQUORS, CIGARS.

Come to the Fair.

"Hurrah! for the Fair," the old farmer shouts,
As Dobbin is driven up close to the door,
And pumpkins, etc., are piled in the cart,
All gathered with care from the old farmer's store.

Then come to the Fair; let us see what you have;
We've a welcome for all, maid, ma'ron and sire;
Bring your horses and daughters, your oxen and sons,
Our motto is "Forward," and forward means higher

And when to our city, the pride of the West,
And viewing the sights and notions so rare,
You will want a Cigar to give zest to your taste,
And add to the interest you feel in the Fair.

It needs but a trial to point out the place
Our Cigars are selected with excellent care;
Then remember our store with its "native" 1½ front,
And glance at our card when you visit the fair.

THE DAILY SENTINEL.

RUFUS KING & WM. H. WATSON,
PROPRIETORS.
Under the Name and Firm of Rufus King & Co.

MILWAUKEE:
Friday Morning, November 14.

The Post Office, the Sentinel and the News.

The *News* of yesterday, in its leading editorial addressed "to advertisers," makes certain statements in regard to our city Post Office and the *Sentinel*, which demand from us a brief reply.— We copy one or two paragraphs from the article referred to, in order to show its drift and meet its assertions:

> "We are frequently applied to by persons who wish to send handbills into the country, to enclose them in the weekly *News*. This cannot be done without violating the Post Office laws and regulations. It has been done by the *Sentinel*, with impunity. If the *Sentinel* can do it without incurring any risk or hazard, it is all well enough for the conductors of that paper. But we cannot, and we very much question whether any other paper in this city, with the single exception of the *Sentinel*, can do it with safety.
>
> * * * * * * *
>
> The facts that we stand ready to prove are, 1st, that the *Sentinel* has long been in the habit of violating the Act of Aug. 2, 1852; 2d, that Mr. Noonan knew of it as early as January last, and 3d, that the *Sentinel* did it last week, and Mr. Noonan knows of that also."

It is perfectly true that the *Sentinel*, in common with other newspapers in this State and elsewhere, had been "in the habit" of folding and circulating, in its weekly edition, extras, embodying advertisements, notices, &c. We had no knowledge, when this was done, that there was any law, or Post Office regulation forbidding it, and when apprised of the existence of such a regulation last winter, we discontinued the practice. It is also true that last week, without the knowledge, and contrary to the instructions of the proprietors of this paper; certain circulars of Dr. Fitch were enclosed and mailed in our weekly paper. Had we known of it we should have stopped it instantly; but though done without our knowledge or assent, we are undoubtedly responsible therefor, and stand ready to pay the penalty. It shall not happen again.

So far as the Post Office in this city is concerned, it is wholly blameless in the transaction. Neither the P. M., nor clerks, had any authority to open or stop our papers containing those circulars. All that the law authorizes to be done, is for Post Masters where these papers were delivered, to charge them with letter postage, and wherever that has been done, *we will pay the* extra postage. So much for that.

The *News* endeavors, out of this fact, to create the impression that the *Sentinel* enjoys unusual facilities, and is the object of special favoritism in our city Post Office. There is no shadow of truth in the allegation. We are happy to acknowledge our obligations to the Post Master and P. O. clerks in Milwaukee, for extending to us every accommodation in their power; but we are well assured that they have done no more for us than for any and every other paper published in this city. We neither enjoy, nor seek any "special dispensation," and only ask for ourselves what we are perfectly willing to accord to all others.

The Late Fire in N. Y.—Heavy Loss of Insurance Companies.

The New York *Herald* of Monday contains the particulars of the destructive fire which took place in Warren and Murray Sts., the day before, resulting in a very heavy loss to Insurance Companies in that city and elsewhere, besides the amount of uninsured loss. The following are the principal items as given in the *Herald*:

	Loss.	Insurance.
Haviland, Harral & Risley,	$100,000	$ 90,000
J. Henry,	25,000	12,000
M. Creery & Co,	100,000	100,000
T. C. Smith,	25,000	14,000
Halsted, Brakaw & Co.,	60,000	60,000
Van Wagenen, Yeoman & Co.,	90,000	90,000
Martin & Bro.	40,000	40,000
A & D. S. Higgins,	38,000	38,000
Harman & Wm's,	10,000	10,000
Four other firms,	43,000	43,000
T. E. Bishop & Co.,	15,000	15,000
	546,000	512,000

Very few names of Insurance Companies are given, so that the loss cannot be fairly stated as to any of them.

Stand by the Freemen of Kansas!

The battle is not yet over in Kansas. Slavery has gained a foothold there through the bogus laws of the Missouri invaders, but they are no laws in fact, though sustained by the Federal Government. There are thousands of Freemen in the Territory who will never recognize those laws or obey them, and never ought to do either. Though plundered, harrassed, driven from their homes, prevented from tilling the ground, their houses and crops destroyed—though persecution by government authority and actual starvation press upon them, they yet stand firm, the vanguard of the army of Freemen who shall possess this fair land. They *must* be sustained through the winter by those who sympathize with them in the states. Let not the people of Wisconsin be backward in the good work. A thousand, at least, of her sons and daughters are in Kansas to-day. Let them not freeze, or starve there!

The Presidential Electors.

The State Canvassers are to meet at Madison on the 25th of November to count the votes cast for Presidential Electors, and may adjourn not longer than three days to allow time for the returns to come in from any delinquent counties.

The votes being counted, the Secretary of State is at once to send a certificate to each of the persons elected.

The Electors are to meet at the Capitol on the first Wednesday of December (3d) to cast the vote of the State for President.

They receive $2,50 per day while employed in their duties, and 10c per mile travelled.

"THE UNKINDEST CUT OF ALL."—MR. CARPENTER, the editor of the Madison *Patriot* (dem) did his best, in his paper and on the stump, to carry Wisconsin for BUCHANAN. He certainly worked harder and did more, towards this result, than any other democratic Editor in Wisconsin. In acknowledgment of these services, the Oshkosh *Courier* (Barstow Dem.) favors MR. CARPENTER with the following paragraph:

> A FOOL AND HIS MONEY IS SOON PARTED.— Pump Carpenter of the Madison *Patriot*, says he has lost $2,000, by betting on Buchanan in this State. In his anxiety to win his bets, he traversed the Western part of the State, making Democratic stump speeches. If the Democratic party had had a few more such advocates, the majority against us might have been double what it now is.

There's gratitude for you.

☞For ourselves, we ask no union with the American party. Oil and water can as soon mix, as Democracy with Know-Nothingism.— *News*, of yesterday.

Nevertheless "oil and water" *did* mix, on election day. Of the 30 or 40 real, original Know-Nothings in this city who voted the K. N. Fillmore ticket, all but three, or four, voted also for the entire Democratic Congressional, Legislative and County ticket. And so it was, as far as we can learn, throughout the State. Here, as in New Jersey, Indiana, Pennsylvania, New York, &c., the Know-Nothings were the well-wishers and efficient allies of the Democracy.

Illinois.

All but three counties in Illinois, officially heard from, make Buchanan 1277 ahead of Fremont and BISSELL (Republican) 7,536 ahead of Richardson. The entire Republican State ticket is elected. The Legislature is thus divided:

SENATE—Republicans 12, Democrats 13.
HOUSE—Republicans 39, Democrats 36.

Antwerp as it appears to a Stranger—Its former grandeur and decline—Native Artists—The Story of Quenten Matsys—Rubens and his Statue—The Churches—Calvary and the Infernal Regions—Carving upon Wood.

Brussels—The Statue of Godfrey of Bouillon—The Palace of Industry and Art—The Botanic Gardens—Museum of Ancient Antiquities—Off for Waterloo and the Scenery on the way.

BRUSSELS, July 15, 1856

The stranger, as he traverses the broad streets of Antwerp, that once were thronged with gay equipages, and filled with the din of business from a busy and enterprising population, feels like passing through the cemeteries of the dead, whose silence is only broken by the sighing winds as they pass through the branches of the cypress trees. The streets are here, but the grass is growing up among them. The churches are here too, containing pictures and works of art by some of the most eminent artists of past ages, but there are no worshippers. The river, with its most admirable docks and quays, calculated to accommodate an immense amount of commercial shipping as well as ships of war, are all here, but only a few low Dutch vessels are to be seen—they are all gone! The Bourse, (Exchange,) where once the thousands of merchants met twice each day, to transact millions in amount, involving the monetary affairs of nearly the whole globe, is still here with its beautiful proportions, but it is only visited by strangers Everything wears the air of death, and even the people themselves appear as if they were staying on probation, and expecting soon to leave.— From a population of upwards of two hundred thousand in the Fourteenth century, it has now dwindled down to less than seventy-five thousand.

This ancient city is situated on the river Scheldt, and has one of the best harbors in the world, although much of its extent was curtailed and destroyed by order of the Allies, soon after the peace was declared in 1814. It was the policy of Napoleon to create this into a magnificent city, and on account of its nearness to the sea, and its superior accommodations for shipping, make it outrival London. For this purpose he expended ten millions of dollars, under the supervision of the greatest engineers of his realm, in the improvement of the quays, docks and basins. These latter were said to be sufficiently large to hold upwards of two thousand battle-ships of the largest size.

Among the first articles of the treaty of peace England insisted upon their destruction, which was subsequently carried out. But Antwerp had, centuries before this period, commenced declining. While under the dominion of the Spanish, the bloody code of the wicked tyrant, Alva, was introduced, which filled the prisons of the country and caused thousands to leave it This was during the reign of the Inquisition, when no citizen felt safe from the rack and the dungeon. Silk weavers and artisans of every description, as well as bankers and merchants, emigrated to different countries, carrying with them their industry, skill and capital. This was during the reign of Philip II. In 1585 it was invested by an army led in person by the celebrated Duke of Parma; and after standing a siege almost unparalleled in history for the bravery and heroism of the inhabitants during fourteen months, it was obliged to capitulate.

In 1648 the Dutch, the ancestral enemies of Antwerp, managed to unite the seven provinces—and after the peace of Westphalia in the same year, the river was closed, thus cutting off all the foreign commerce, which was the main and chief source of prosperity to the city. The French and Continental wars, and the Revolution of 1830, finished the final overthrow of this great commercial emporium, and it is very doubtful whether she ever regains her former position again. Her merchants, manufacturers and business men have removed to other cities, and other countries have absorbed her trade.

No city ever patronized more liberally the fine arts, than Antwerp, and few can boast of having given birth to greater artists. It was here that Rubens, Vandyke, Jadeans, Teniers and Quentin Matsys, were born, educated, and spent most of their lives. As a curious incident, but illustrative of the times, the facts of the well known story of the latter, took place here.

It appears that young Matsys fell in love with a beautiful girl, the only daughter of an eminent artist. Although the sentiment was reciprocated, the match was a hopeless one, for the father had sworn his daughter should only marry an artist, worthy of the art himself, and worthy of his name. What was poor Matsys to do, for he was nothing but a poor blacksmith, without money and without friends. But what will not art do, especially when prompted by a passion kindred to itself? How he worked with the hammer and tongs by day, and the brush and easel by night, for long, long years, and how he at last won his fair inamorata, I shall leave for those who have a romantic turn of mind to imagine. But such was the fact, and even the stern old father was obliged to acknowledge that he had more than won the prize by the merit of his productions.

Centuries have rolled away, but his paintings in the museum commemorate his fame as an artist. The most celebrated of these is called the "Descent from the Cross." Near the Cathedral there is an old well, covered with an iron grating in Gothic form. According to tradition this is the work of the blacksmith before he dreamed of ever becoming a painter.

All the churches, nearly, with the Museum, are filled with some of the best paintings of Rubens. These are principally of scenes and incidents drawn from the Scriptures. Among the most remarkable and celebrated of these are the "Descent from the Cross," the "Elevation on the Cross" the "Resurrection of our Saviour," his "Crucifixion" and the "Marriage of St. Catherine." Rubens has a fine statue erected to his memory by his countrymen. I was shown the house in which he was born and lived, and where his father lived before him. It is a brick three story house, with an ordinary front, and it has no appearance of antiquity in its shape, or material. But it will be borne in mind that the style of building among the Dutch has not varied for nearly one thousand years. A glimpse at the churches well pays the traveller, particularly if he never saw St. Peters and the Cathedral at Milan. First of all there is the great cathedral of Notre Dame, whose tall gothic spire may be seen far and near. It is 466 feet high, gradually tapering off with a mathematical precision, as perfect as that of a toy from the ingenious hands of a Chinese artist. Its great length of 500 feet, having treble aisles on each side, with its lofty choir and nave, make it grand and imposing. Here more than three hundred years ago Philip the II of Spain convened the grand order of the Golden Fleece. There were present on that occasion nine Kings, Sovereign princes and numerous knights from all parts of Europe. In the tower is a very large bell, together with a set of chimes.

At the time of the placing these bells here, there was a great celebration commemorating the event. The Emperior Charles V. was present on the occasion and as is said stood as god-father. So great is this bell that it requires sixteen men to ring it.

The Church of Jacques is likewise distinguished for its beauty of proportion as well as the fine marbles, painted glass, rich carvings and the monuments it contains. Among the tombs of the wealthier and more aristocratic families, as well as the nobility of Antwerp, may be noticed that of the family of Rubens; in the rear of the high altar, covered by a white marble slab, lie the mortal remains of the great painter. At the church of St. Paul there is a curious piece of work, which, although not ranking as one of art, yet it is interesting as a piece of ingenuity and characteristic of the religious tendencies and tastes of the age it was wrought. It is in the form of a series of grottoes built up against the exterior wall of the church, and is intended to represent the crucifixion. There are figures in statuary of life size of prophets and patriarchs, saints and angels, soldiers and executioners. On a high eminence is Calvary itself and the crucifixion. Farther along is intended to be imitated the holy sepulchre in Jerusalem, but I could not see and resemblance. Last of all is represented hell itself with its flames, its inhabitants of demons and fallen spirits in human form, suffering in that unquenchable fire that forever burns. A custodian attends this department and a small fee is required. There is also in the gallery of this Church a series of paintings likewise of the crucifixion—some fifteen or twenty. Like the statuary of the same subject in Nuremburg which I have before given an account of, they are intended to illustrate the *via dolorosa* in Jerusalem.

There is no place in Europe where better specimens of carving in wood-work is found than in these churches. For those who admire and equally regret the loss of the art almost, they will find here many beautiful specimens. Some of the pulpits and altars are entirely of carved work, representing human figures almost as perfect as those of the finished painter, trees covered with autumnal fruit, interlaced branches of trees and shubbery glowing with flowers, birds of various plumage, animals and numerous other subjects of nature. Many of the paintings in these churches are on pannels which turn out like doors. In illustrating dissimulation in women, one of our eminent American poets, in a poetic license, I suppose he would call it, has made a happy hit at paintings similarly situated. From the mouth of Lara he says:

> "Because I have heard it said this angel fell.
> And though she is a virgin outwardly,
> Within she is a sinner; like those pannels
> Of doors and altar pieces the old monks
> Painted in convents, with the Virgin Mary
> On the outside, and on the inside Venus!"

On the whole I was much interested in this ancient city, where I spent two days, and during a ride to Brussels, a distance of thirty miles, its fallen fortune, and decayed splendour, embalmed as they are with the memory and genius of the great men of early days, afforded me ample materials for serious reflection.

The North-Eastern Land Grant.

We publish this morning, at the request of the gentlemen whose names are signed to it, a communication in reference to the disposition recently made of the North-Eastern Land Grant We do so because these gentlemen desire to lay before our readers *their* view of the transaction. At the same time, we deem it proper to remark that we do not attach the same importance to the matter that they do; that we believe that the counties more immediately interested in this question were very generally *in favor of* the measure finally adopted; that we are confident Milwaukee can obtain as *favorable running* connections as she can desire with whatever company builds this N. E road; and that we are sure our fellow-citizens of Oshkosh, Fond du Lac, &c., are just as anxious to have a direct Railroad communication with Milwaukee, as we are to get one with them. And on this point we quote the following from the last Fond du Lac *Union*:

> The Milwaukee *Sentinel* of to-day in noticing the change in the organization of the Wisconsin and Lake Superior Railroad, says:
>
> "Meantime it seems clear to us that the construction of the Air Line Railroad hence to Fond du Lac, becomes a matter of prime importance to Milwaukee."
>
> We are glad to hear the *Sentinel* express this opinion, and assure our Milwaukee friends that the citizens of Fond du Lac are as anxious as they can be to secure the immediate commencement and early completion of a direct road to Milwaukee.

We shall speak further on this subject to-morrow.

Feeling Bad About It.

The *News* groans dreadfully over the result in this State. Hear it:

> Wisconsin has defeated herself, and when the madness and excitement of the present war shall subside, a fearful retribution awaits those who have deceived the people, and trifled with their dearest interests. They have sown to the wind, and will reap the whirlwind. Democrats of Wisconsin, arouse and revenge yourselves upon the lying, shrieking, begging party which now gloats over its temporary successes in this State.

And the Madison *Argus*, after charging "fraud on the face" of the vote in this State, indulges in the following amiable howl at the large majority of its fellow-citizens;

> We believe that if the *facts were known*, Spring Creek, Bridge Creek, and town 25, range 10 have been beaten out of sight by the begging, stealing, shrieking, dirty party that has carried this State by the grossest falsehoods, impositions, forgeries, and frauds ever committed by any party in any state.

Next to the satisfaction of carrying this State for FREMONT and FREEDOM, is that of utterly overthrowing the rotten faction, whereof the *News* and *Argus* were the fitting exponents. No wonder they howl in concert.

GOOD FOR WASHINGTON COUNTY.—The Washington County *Democrat*, in the midst of its exaltation at a majority of 1888 for Buchanan, is compelled to chronicle the distressing fact that the Republicans, with the help of some democrats (who are duly anathematized by the party again) "have managed to ring in a Shanghai," as County Surveyor. This "little leaven" may eventually change the whole "*Dough*" of that benighted district.

☞New England gives her entire vote to Col. Fremont. No Presidential candidate, Washington alone excepted, shares with him the distinguished honor.

For the Sentinel.

The North Eastern Land Grant.
TO THE PUBLIC.

It is already well known that the control of the grant of lands to this State, to aid in the construction of a railroad from Fond du Lac northerly to the State line, has passed into the hands of Wm. B. Ogden and his associates in the Chicago, St. Paul & Fond du Lac R. R. Co. Justice to ourselves and to the interests we have represented as members of the Board of Directors of the Wisconsin & Superior R. R. Co., seems to require of us an explanation of the manner in which this result, so much regretted, was brought about.

The bill which passed the Legislature, Oct. 6th, disposing of both Railroad grants, was vetoed by the Governor Oct. 7th.

Two bills were then prepared, the one conferring the northwestern grant upon the La Crosse & Milwaukee R. R. Company, and the other creating the Wisconsin & Superior R. R. Company with fifteen Directors, and bestowing upon it the northeast grant.

These bills both passed the Legislature on the 9th of October, and were together presented to the Governor for approval Oct. 10.

The most strenuous efforts were made by the friends of the Chicago, St. Paul & Fond du Lac R. R., both in and out of the Legislature, while the bills were pending, to secure both grants, but finding their efforts likely fruitless as to the northwestern, they, after the veto of the first bill, bent all their exertions to obtain the control of the grant from Fond du Lac to Lake Superior—substitutes and amendments were offered in both Houses, and were urged in the Senate with zeal and ability to effect this object—but without success—for a large majority of both Houses, adhering steadily to the policy of securing the benefits of the grant to the citizens and enterprises of our own State, declared their opposition to any such result, by promptly rejecting all such amendments. The fifteen Directors of the new Company were named in the bill as follows:

Cyrus P. Hiller, of Sheboygan.
Chas. Kuehn, of Manitowoc.
Bertine Pinckney, of Rosendale.
James H. Weed and George F. Wright, of Oshkosh.
Anson Ballard, of Appleton.
James D. Doty and Joseph Turner, of Menasha.
B. Frank Moore, of Fond du Lac.
Julius White, of Madison.
Wm. Scott, of Green Bay.
John Bradley, of Janesville.
Albert Winslow, of Ft. Atkinson.

Among this number were known to be three or four who desired to give the grant to the C. St P. & Fond du Lac road. They were inserted in a spirit of compromise with the friends of that road. A decided majority, however, were believed, from their assertions and conduct, to be friendly to connections with roads leading to the Lake Shore within this State.

Among them, Cyrus P. Hiller was inserted at the request of Senator David Taylor, of Sheboygan, his law partner. Anson Ballard was also named as Director by Senator Perry H. Smith, his Law partner, while Messrs. Moore and Lamberson were named by their late partners in business, Senators Fitzgerald and Gill respectively.

These appointments were insisted upon by the Senators named, and as they held the balance of power, were conceded as a matter of necessity, and in the full belief that two of them from position, and one from the repeated assertions of his principal, Senator Smith, were reliable friends of Wisconsin interests, and would be true to the expressed will of the Legislature. The Governor approved the bill granting a portion of the lands to the La Crosse & Milwaukee road within twenty-four hours after it had been presented to him, but held the other for further advisement. This resulted in the passage, on the afternoon of Oct. 13, of a supplementary act authorizing the Governor to appoint two additional Directors of the new Company. This being presented to the Governor he at once approved both, dating his approval of the original act, Oct. 11—and thereupon appointed his brother, Levi Bashford, of Oshkosh, and Gen. Potter, of Fond du Lac, who increased the Board of Directors to seventeen in number.

Immediately after the adjournment of the Legislature, a circular was issued calling a meeting of the Board of the Board of Directors of the Wisconsin & Superior Railroad Company at Oshkosh. The meeting was held on the 24th of Oct. —all the members being present. N. K. Wheeler and other representatives of the Chicago, St. Paul & Fond du Lac R. R. Co, were present and made earnest efforts to control the organization. These efforts were zealously supported by a large majority of the citizens of Oshkosh and by members from Fond du Lac, Sheboygan, Appleton and Green Bay.

On the other hand, the interests of Milwaukee and of the great majority of the State were faithfully represented by C. R. Alton, Esq., of Milwaukee, and N. P. Tallmadge and others of Fond du Lac.

The struggle lasted through the 24th and 25th, and resulted finally in the election of men to all the offices of the Company, except Treasurer, who were known or confidently believed to be opposed to diverting the benefits of the road and grant from the cities and citizens of Wisconsin.

This was done by the votes of the following persons

H. Haertel, of Milwaukee.
Julius White, of Madison.
Chas. Kuehn, of Manitowoc.
Wm. Scott, of Green Bay.
James D. Doty and Joseph Turner, of Menasha.
Anson Ballard, of Appleton.
James H. Weed, of Oshkosh.
A. Lamberson, of Grafton.

All the rest viz: Messrs. Bashford and Potter (appointees of the Governor) and Messrs. Hiller, of Sheboygan, Wright, of Oshkosh, B. F. Moore, of Fond du Lac, Pinckney, of Rosendale, Winslow, of Ft. Atkinson, and Bradley, of Janesville, labored steadily against the successful organization, and nearly all of them directly and openly for the interests of the Valley road.

Having elected officers, the Board adjourned to meet again on the 6th inst., to open books for stock subscriptions as required by the charter.— On the morning of the 6th, the Board met, and by resolution, the books were opened under the direction of the Executive Committee.

During the day, Mr. Lamberson resigned his Directorship, and B. G. Gill, of Grafton, the Senator who had insisted on making Mr. Lamberson a Director, was elected to fill the vacancy.

The day passed without subscriptions, as it quickly became apparent that it was not yet decided who were to manage and control the charter.

In the afternoon, Messrs. Ogden, Wheeler, and several other gentlemen from Chicago and Janesville arrived, and before the morning of the 7th, a disposition was manifested by several of the Directors to resign, and permit important changes to be made in the character of the Board. An exciting and protracted struggle followed between the representatives of the interests of Chicago, and those of Milwaukee and Wisconsin. The Board met and adjourned twice each day, no subscriptions were made to the capital stock, as no one seemed willing to become bound by subscription, until the great question of supremacy was decided.

Successful efforts were made to excite strong prejudice against Milwaukee, and a powerful outside pressure was brought to bear upon all the directors residing about Lake Winnebago.

It would take too much space to narrate the whole history of the contest. Senator Smith of Appleton, with his partner Ballard, early abandoned us, and became an efficient enemy.

Thus matters proceeded, with various prospects of success, until *Monday morning*, when the resignation of George Wright, of Oshkosh, which had been *procured by the Chicago* interest, was presented by one of their friends to the *Board, and accepted by the following vote*:

AYES—Messrs. Bradley of Janesville, Winslow of Ft. Atkinson, POTTER, Pinckney and Moore of Fond du Lac county, BASHFORD and JAS. H. WEED of Oshkosh, TURNER of Menasha, BALLARD of Appleton, and Hiller of Sheboygan—10.

NOES—Messrs. Haertel, White, Gill, Kuehn, Scott and Doty—6.

This was the first test vote, and disclosed our full and complete betrayal.

Messrs. Bashford and Potter—appointees of the Governor—and Messrs. Ballard, Turner and Weed voting against us.

Wm. B Ogden was then immediately elected to fill the vacancy. Then followed successively, according to a plan that had evidently been prearranged, the resignations of Messrs. Hiller of Sheboygan, Weed of Oshkosh, and Gill of Grafton, whose places were filled by N. K. Wheeler of Chicago, Chas. Butler of New York, and a gentleman of Janesville.

At this stage of the proceedings, the Board adjourned for one hour. A consultation was had among the five sole remaining friends of Milwaukee, Haertel, White, Kuehn, Scott, and Doty, with regard to the course to be pursued by them. Being satisfied that they could never work in harmony with the views of the majority, and would therefore be directors only in name, without power to effect any good, and being unwilling to incur any responsibility for the future conduct of the Board, they unanimously determined to resign their positions as directors, which they immediately did, except Mr. Doty, who presented his resignation in the afternoon. Mr. C. R. Alton also resigned the office of Chief Engineer. On the resignation of Mr. Weed who had been President, Mr. Ogden of Chicago, was chosen President of the company.

The Board now consists of Messrs. Pinckney, Moore, Potter, Bashford, Turner, Ballard, Bradley and Winslow of the original Board, and Messrs. Cheney of Whitewater, Pease and Crosby of Janesville, Ogden, Wheeler, Chapin and Smith of Chicago, Butler of New York, and Hickock of Burlington, Vt., most of whom are also Directors of the Chicago, St. Paul and Fond du Lac R. R. Co. These are the facts in regard to the change of Administration of this highly important grant. We leave them to the judgement of the public, referring for confirmation of their truth to those Milwaukeeans who aided us in the struggle. Among them Messrs. Alton, Stark, Lockwood, James Kneeland, Messrs Kneeland, Moses M. Strong, E. Mariner, Garret Vliet, and Chas. E. Jenkins deserve special mention They all labored with the greatest fidelity to maintain the rights and true interests of the whole State.

We refrain from any impeachment of the motives of those men who have so soon and so openly violated their own oft-repeated pledges, and the clear conditions upon which they received the trust from the Legislature. Nothing could be more plain or decisive than the opposition of the late Senate and Assembly to the scheme which has now been accomplished.— Every proposition looking to such an end, was rebuked by an overwhelming majority. Yet, knowing this, and that they had been selected by the Legislature to execute this trust, because they were believed to be honest, and worthy of such confidence, certain members of the said Board of Directors, after accepting the trust and assuming its obligations, within less than three weeks, in utter disregard of duty, have deliberately surrendered the control and management of this munificent gift to the State, to the very company which the Legislature again and again refused to entrust with such vital interests.

In concluding this statement, we repeat that both appointees of the Governor, his brother and Gen. Potter, also Mr. Hiller, named by Senator Taylor, and his law partner, opposed us from the beginning; while of the number who at the first organization acted with us and gave us a majority, Anson Ballard (representing Sen. P. H. Smith,) James H. Weed, B. G. Gill, late Senator, and at last Joseph Turner deserted us, and threw the power into the hands of our opponents. Mr. P. H. Smith had been made Attorney, Mr. Weed, President, and both with Gill and Turner, members of the Executive Committee of the Company.

It is due, however, to Mr. Turner to say, that being desirous to remain in the board and serve as an active director, and hoping to be able thereby to procure the location of the road through Menasha, his residence, he did not abandon us from choice, but declared that so long as there was the remotest hope of saving the control of the Road to the friends of Milwaukee, he would stand by us. It was only when the strength of parties was settled, that from motives of policy affecting his future position in the Company, he voted with the representatives of Chicago.

HERMANN HAERTEL,
JULIUS WHITE,
CHARLES KUEHN.

Milwaukee, Nov. 12, 1856.

The Buchanan Frauds in dark Egypt.

The Chicago *Press* gives some startling figures in relation to the palpable frauds in the voting in the 9th district of Illinois, which comprises the greater portion of what, from the blind ignorance of the people, is known as Egypt. That district is reported as giving Buchanan 14,876 majority.

That district, by the last census, contained 11,156 adult persons who could neither read nor write.

Ignorance does not disqualify men from voting in this country, but there is no rule of political ethics, we believe, which offers a premium for ignorance, by allowing such men to vote *more than once*. Yet no one can look at the figures from that dark region without being astounded at the frauds committed there. Look at some of the counties—their *majority* now for Buchanan, as compared with their *whole vote* of 1852—the largest vote ever cast before:

Counties.	Vote in '52.	Majority '56.
Union,	999	1400
Hamilton,	977	1500
Franklin,	905	1100
Hardin,	456	500
Pulaski,	858	860
Johnson,	886	1200
Jackson,	875	1175
Alexander,	401	800
	5857	8475

On this subject, the Chicago *Press* says:

> Should any one imagine for a moment that the tremendous majorities reported for Buchanan may be explained by an increase of the population of these regions, we tell them it is not the case. The increase in any of the counties in Southern Illinois has been small during the past four years, and in some counties reported above, there has been an actual decrease.
>
> But, before commenting further on the subject we will await the official figures; and if they have any resemblance to the above, the public may rest assured, if there is a single drop of genuine American blood left in the hearts of the freemen of Illinois, that justice, with vigilance, will triumph over fraud, and overthrow its authors, as did our sister State Wisconsin but a year ago.

We do not forget, while noticing the frauds in Illinois, the outrageously large vote in some of the wards of this city—in the 3d ward, for instance, where 1200 votes were cast for about 4,000 people, and in another half hour 100 more votes would have been cast. It is all a disgrace and a shame, wherever done, and must be stopped, at all hazards, or our form of government is a miserable sham.

RACINE KANSAS AID SOCIETY.—The ladies of this city having the management of this Society have just sent off their first instalment of "material aid and comfort" for the struggling freemen of Kansas. Besides the cash remitted, a large quantity of clothing, bedding, &c., has been made up ready for use, which we trust will reach its destination in safety. The aggregate amount of cash and goods was upwards of $460.—*Racine Advocate.*

MARINE INTELLIGENCE.

SCHOONER HANS CROCKER ASHORE.—We learn that the large schooner *Hans Crocker*, which left here last week with a valuable cargo for Buffalo, got ashore on a point running out from one of the islands in the Straits. The captain of the propeller *Kenosha*, who brought the news, states that there were a large number of light vessels near by, and the *Crocker* would probably be lighted off without damage.

STEAMER LOST.—By a gentleman from Lake Superior, says the Detroit *Tribune*, we learn that the steamer Superior, Capt. Jones, from Chicago to Superior City and intermediate ports, is supposed to be lost. She passed through the Canal bound up, October 29th, and it is supposed went down the next day or night somewhere near Grand Island, with all on board. Vessels have been partially around the Lake since and nothing has been heard of her. She had about 30 passengers. There was a severe gale on the 30th, which strengthens the surmise.— The Superior was an old boat and would not be able to stand a very heavy storm.

COMMERCIAL.

THE MARKETS, &c.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, November 14, 1856.

Received by Mil. & Miss. R. R.—50 bbl. flour, 144 sacks do, 8,075 bus wheat, 158 bus potatoes, 221 hogs, 2 cars do, 81 hides, 2 cars stone.

By La Crosse & Mil. R. R.—161 bbls flour, 5,746 bus wheat, 170 bus potatoes, 548 bus barley, 680 bus cranberries, 44 hides, 89 pelts, 8,921 lbs sundries.

Do. Watertown Division—1,359 bus wheat, 190 bbls 256 sacks flour, 80 bus barley, 8 boxes poultry, 6 bbls pickles, 10,538 ft. lumber.

By Mil. & Hor. R. R.—874 bus wheat, 24 sacks 100 bbls flour, 42 hides, 2 bdls pelts.

Light receipts yesterday—fair weather, and shipments proceeding rapidly. The amount of wheat cleared thus for this month is nearly 400,000 bus, and the stock on hand is still large.

Freights stand at about 18c on wheat to Buffalo.

Prices about the same yesterday as the day before.— Sales range from 90a95 for spring; winter 95a1,05.

BARLEY—nothing doing; nominally 1,10a1,20.

OATS—36a37c.

POTATOES—50a55.

PORK—dull at 5,25a5,50 for dressed hogs—and packers pay that price unwillingly. Tendency decidedly downward, with no fair prospect of better figures.

Prospects of the Pork Market.

The St. Louis *Leader* furnishes, through correspondents at various points in Illinois and Iowa, data by which dealers may be able to judge of the prospects as to supply and prices of pork this season. We condense its statements, under the heads of "hogs to be marketed," and "selling price November 1st."

Place.	*Hogs.*	*Price.*

IOWA.		

Iowa City, a large number sent to N. Y. alive, writers say they are scarce.

Muscatine	8,000	$4,00 gross.

Anamosa, worth about 4c on foot. Weight the same as last season.

De Witt, Clinton Co., hogs; asking price $4 to $5; weight about the same. No contracts.

Newton, Iowa. Hogs; 5,000 fatted in this County, 3,000 of which have been contracted for at $3,55 to $3,50 gross, to be driven to Iowa City for an Eastern market, the balance will be needed for home consumption; heavier than last season.

The Cincinnati *Gazette* gives the Leader's article in full, and concludes an article upon the subject as follows:

> Having published such facts as would enable dealers to form a satisfactory conclusion as to the probable supply of hogs, we shall offer no opinion on the subject, especially as our object at this time is to furnish information as to the actual condition of the market. This we have already indicated, and we may therefore sum it up in a few words. The market for products being very dull, and prices being relatively lower than current rates for hogs, packers are not disposed to operate freely. Those who believe that the crop of hogs will be as large as last season, are more numerous than those who anticipate a deficiency. There is now no foreign demand, and it is generally conceded, we believe, that the exports to Europe for the ensuing year will fall considerably short, as compared with the season just closed. These views are of course against high prices, and being apparently well founded, it will be difficult to drive dealers entertaining them from their position. Those who have hogs to sell will, therefore, perceive that it will not be safe to make calculations upon realizing $6,00 per 100 lbs. net. For the one dealer who would at this time be willing to transact a regular business at $6, there are ten who would consider that it would be unsafe to pay over an average $5. The tendency of prices is now towards this figure. Some days ago sales were made at $6,37½, while yesterday the market was dull at $6. To check this downward tendency will require a very decided reaction in the provision market, which at this time does not seem probable

Scrofula and Salt Rheum

Of four years standing, cured by Carter's Spanish Mixture.

WOOSTER, Wayne Co., Ohio, Dec 1, 1853.

MESSRS. BENNETT & BEERS.

Gentlemen:—Having for four years past been suffering with Scrofula in its worst form, without finding relief from our best physicians, I was solicited by a friend to try Carter's Spanish Mixture. It gives me pleasure to state that before finishing the first bottle, the disease relaxed. I then ordered two more bottles; and with heartfelt gratitude, I state to you the fact that two bottles of your excellent preparation has entirely cured me.

The third bottle I gave to a friend who had been suffering with Salt Rheum for a length of time, and he, like myself, owes his restoration to health to the virtues of "Carter's Spanish Mixture." You are at liberty to use this letter in any way you may think proper, if it will benefit the afflicted.

Your obedient servant,
nov13dlm JOSEPH ROBINSON.

Pronounced Incurable by his Physicians—
Yet Cured by Hoofland's German Bitters.

CENTRAL BRIDGE, Schoharie Co., N. Y., Feb. 12, 1855.

Dr. C. M. Jackson—Dear Sir—A gentleman by the name of Larkin, living in this place, who has been under the doctor's charge, and confined to the house for two years past with Liver Complaint, which last fall turned into Dropsy, and was pronounced beyond cure by the principal Physicians of the place, and his friends expected him to die daily, is now, after taking five bottles of the German Bitters, out doing errands and attending to his daily business. The Bitters are, consequently, in great demand.

Respectfully,
JOHN G. CARRYL.

TO CONSUMPTIVES,
AND OTHER INVALIDS.

IN COMPLIANCE with the repeatedly expressed wish of numbers of his patients, Dr. CALVIN M. FITCH has made arrangements to visit Milwaukee before his return East, and will have rooms at the WALKER HOUSE.

Dr. FITCH will be at Milwaukee from Monday Nov. 9th, to Saturday evening, Dec. 6th, where he may be consulted daily, (Sabbath excepted) for

Pulmonary Consumption, Asthma and Chronic Bronchitis,

In the treatment of which, the employment of

Appropriate Constitutional and Mechanical Remedies, and Medicinal Inhalations,

Has given him a degree of success which can never attend a partial, imperfect treatment of these obstinate and dangerous diseases, and from his ample experience, Dr. FITCH feels himself fully justified in asserting that, when disease is so far advanced that the above means fail, no other course can afford relief.

CATARRH,

Either in the head or throat, when the use of local applications by means of throat and nasal syringes, together with the absence of necessary general measures, enables him to relieve in cases oftentimes of years standing.

He may be consulted for DYSPEPSIA and Chronic Inflammation of the Stomach and Bowels, and for FEMALE DISEASES, which the employment of appropriate mechanical appliances enables him to treat with almost uniform success.

Dr. FITCH will be assisted by his associate, Dr. J. W. SYKES, who will be at Milwaukee on the latter portion of each week, when Dr. FITCH will be compelled to be absent. nov11d631dw4wtf

The Concert Last Night.

A very numerous and brilliant audience thronged Young's Hall, last evening, to hear PARODI, STRAKOSCH, JULLIEN, TIBERINI and MORINI, a dazzling cluster of musical celebrities. The Concert was a perfect triumph. Every piece was warmly applauded, and most of them enthusiastically *encored*. Parodi looked superbly, and sang even better than she looked. Her "*Marsellaise*" was given with wonderful power and thrilling effect, and in reply to the tumultuous *encore* which it elicited, she sang "The Star Spangled Banner," with a force and fervor that nearly made Young Am rica frantic.

JULLIEN proved himself a master of the violin and was applauded to the echo. TIBERINI and MORINI both acquitted themselves admirably. Indeed there was nothing left to wish for, save a promise from STRAKOSCH—who played exquisitely, as usual—that the Concert should be repeated. But this, we fear, is an impossibility at present. We hope however, that it will not be very long before this unrivalled troupe pays our city another visit.—They can always count upon crowded and enthusiastic audiences, and a most cordial greeting, in Milwaukee

SUCCESSFUL AFFAIR.—The Dramatic and Musical entertainment at Young's Hall Wednesday evening, attracted a very large audience and gave very great satisfaction. The German farce was admirably performed, and the music, especially the violin solo with piano accompaniment, elicited, as it deserved, the heartiest applause. Mr. Markt is an artist of great promise and as well as Mr. Holzlhuber made a most favorable impression upon the audience.

DRY GOODS.—MACK BROS make some "startling announcements" in to-day's paper. Unless people are on hand shortly, they cannot expect to have the best selection of goods or to share in the great bargains offered. The proposition made by this firm, that buyers should examine before purchasing elsewhere, is fair, certainly.

SHINNING.—One of the comic features of business is borrowing money to meet notes or other imperative obligations—technically called "shinning." The person who is compelled to resort to this unpleasant alternative is to be pitied. So is the person who is afflicted with any disease of the stomach, intestines or liver. Borrowing money will relieve the former temporarily—Herrick's Sugar Coated Pills will relieve the latter permanently. Now is the time to use Herrick's Pills. If so, a healthy, happy winter is before you. Family boxes 25 cents.

GREAT SALE OF LOTS

IN THE CITY OF
PORTAGE,
On the 18th day of December, 1856.

THE principal real estate owners in the city of Portage, have made arrangements for a general sale of Lots in said city, at the time above named. Over one thousand lots will be offered, situated in all parts of the city. A liberal credit will be given for a part of the purchase money, if desired.

It is believed that the great advantages of this point are understood among the business men of the State.—The La Crosse Railroad is now running to within 20 miles of here, and will be completed to this city early in January next. The land grant disposed of by the last Legislature secures the completion of a railroad from Madison, and another from Columbus to this city, within two years, and from thence through the Northwestern part of the State to Lake St Croix and Lake Superior. Doubtless the able and energetic company who have this work in charge, will push it forward to completion with all possible despatch. The long delayed Fox and Wisconsin River Improvement is now certain of being completed immediately, making a perfect navigation for vessels drawing 3½ feet of water, from Lake Michigan to the Wisconsin River, through the canal at this place. The act of the last Legislature takes good security for this. The commercial advantages and prospects of Portage are unequalled by any town in the interior of the State, and it has no rival. The site is high, healthy and pleasant, and surrounded by beautiful scenery. The city has grown rapidly, with a healthy and natural growth, and it will soon receive a new and powerful impetus. Real estate is still comparatively low. There never has been any attempt to inflate prices or speculate in fictitious values.

An opportunity is now offered to obtain property here on the most favorable terms. Let no enterprising man disregard it.

For Information, address
H. W. TENNEY,
Or G. G. McCOLLOCH.

150 TOWN LOTS!

IN ARENA, IOWA CO.,
State of Wisconsin, 30 Miles West of Madison,
THE CAPITAL OF THE STATE,
WILL BE SOLD AT AUCTION!
On Wednesday, Nov. 19, '56, at 10 A. M.
TERMS—¼ CASH, ¼ IN 1 YEAR, ¼ IN 2 YEARS, AND ¼ IN 3 YEARS—WITH INTEREST.

THESE lots are adjoining the DEPOT OF THE MIL. AND MISS. R. R., and the auction will be held there or on the lots. Stages in connection with the trains, run from this point to Dodgeville, Mineral Point and other places.

The location of Arena, both on the Wisconsin River, and the Railroad, is as favorable for business as any in the State, and there is no doubt that by these advantages, seconded, as they are, by a most beautiful natural scenery, it will rapidly grow up, and soon take rank among the larger and best places in the State.

The cars leave Madison at 6 A. M., arriving at 10, and returning at 3 P. M.

City Auction Room.

I HAVE this day sold out all my Auction and Commission business to L. Stanton & Co., who will continue the business at the same stand, corner of East Water and Wisconsin streets. They are young men who come highly recommended and can be endorsed with sufficient capital to carry on the Auction and Commission business to any extent. I would therefore recommend them, believing that they will conduct their business honorably. I have consented and made arrangements with them, if not otherwise engaged, to sell any large stock of goods or furniture for them; I would therefore say to my friends that have any goods or furniture, if they prefer to make an arrangement with me for the selling of such, it can be done.

I still continue to keep my Land Office and Real Estate business at the same stand, and will now be able to pay more attention to it than I have heretofore done. In a short time, as soon as I can get a suitable room, I intend to open a Real Estate Auction Room.

CALEB WALL.
Milwaukee, Nov. 1st, 1856. nov4

We have this day purchased from Caleb Wall all his Auction and Commission business, so far as it relates to Goods, Wares and Merchandise, and we are prepared to do the business and make advances upon the same terms Mr. Wall did. We have also made arrangements with Mr Wall to do the selling at auction for us. Any references wanted, shall be given satisfactorily, and we solicit a liberal patronage of his old customers and the public generally.

The business will hereafter be conducted under the firm of L. Stanton & Co., Successors to Caleb Wall.

WILDER'S SALAMANDER SAFES.

MR. S. C HERRING challenges Wilder & Co to show any medals received at the World's Fair. Messrs Wilder & Co, do not claim to have received any medals at the World's Fair—but do claim that Mr. S. C. Herring made a very handsome, good Safe, and, like a sensible man, filled it with "Wilder's" Patent Filling, as he then had a right to do. The medals were given for that Safe, and, as its principal virtue is the preventative against fire, the medal is due to the filling.

The merchants who signed the certificates undoubtedly knew what they were about. They had excellent good Safes made by Silas C. Herring, and filled with WILDER'S PATENT SALAMANDER FILLING, and those Safes were worthy of the certificates. The only Safes filled with *Wilder's Patent Salamander Filling* are now made by Wilder & Co., and for sale in this city ONLY by

THREE P. M. REPORT.

ARRIVAL OF THE EUROPA

LATER FROM CALIFORNIA

New York, Nov. 12.

The steamship *Europa* with Liverpool dates to November 1st, arrived here at 1 this p. m.—The Arago arrived at Southampton on the 31st ult. The Liverpool American Chamber of Commerce, publishes an address to the Southern Chambers, complaining of the false packing of cotton.

No news whatever from Spain.

The Neapolitan question remains precisely where it did. The only additional incident being that the government of Naples had addressed a circular of moderate tone to its Diplomatic agents, and that the King had sent Mons. de Agiout, a Frenchman in his confidence, to Paris on a secret mission.

A despatch states, but without authority, that there had been a French requisition to evacuate the Danubian principalities. The Austrians have returned a flat refusal. This matter of the principalities has assumed a prominence over other topics.

The French government journals assert definitely and explicitly that the Porte has demanded, in due form, that the Austrians shall evacuate the principalities, and the British the Black Sea—but that they, by a secret mutual understanding, refuse to leave. The English journals, under the immediate inspiration of the Government, deny that any such demand has been made by the Porte.

The papers generally, British, French and German, speak in undisguised terms of the completion or progress of an alliance between England and Austria, and between France and Russia.

It is now stated that Russia has proposed to refer the question of the Isle of Serpents and Belgrade, to Constantinople, for settlement.

The Russian R. R. concessions cover 2200 miles, and cost £40,000,000 sterling. The London Times recommends English capitalists not to invest, and Napoleon has forbidden the credit mobilier to take shares.

Shanghai dates are to Sept. 13th. The season's supply of tea was expected to be short. Further successes of the Insurgents are reported.

Liverpool Markets—Breadstuffs.—Richardson & Co. quote Breadstuffs steady; Wheat quiet and unchanged; White 9-9 a 10-3; red 8 9 a 9 6. Flour quiet and unchanged; Western Canal 30s a 33s; Ohio 35s. a 37s; Canada 35s. a 38s Corn dull, and sixpence lower. Yellow and mixed 33s a 33s 6d; white 34s a 32s 9d. Provisions quiet and generally unchanged. Lard—sale at 74s.

The London money market had undergone no change. An active demand existed. Consols for money closed at 92½ a 92¾; for account, 92½ a 92¾. American securities dull and quotations slightly lower.

LATEST *Telegraphic News.*—London, Nov. 1st. Russia has definitely excused Persia from the payment of the Indemnity for the year.

☞ The steamer *George Law* has arrived at New York, bringing dates from California to the 20th ult. The news is meagre. BOERHAVE'S HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,

SUCH as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on their strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchashing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

INSTRUCTION.

LESSONS IN Foreign Languages.

MR. AND MRS. J. S. E. DE CRETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their hours being arranged with that view.

Gentlemen and ladies who begin to speak either of those languages, can receive lessons in Reading and Conversation, Mr. De Crety furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 16 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

TO MERCHANTS.—Mr. De Crety will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

MEDICAL.

THE ORIGINAL ELECTRIC OIL,

Made only by Prof. DeGrath.

WHAT Col. E. H. Grant says:—I had the Neuralgia three years ago so badly that the physicians nor anything else I tried could relieve me. I bought a bottle of your Electric Oil of you in Chestnut st., at that time and before using two bottles, was perfectly cured; that has been three years since. Yesterday I had a slight attack of Rheumatism, and purchased another bottle to cure that. I have known several of my friends, Mr Cripps and others, to be cured by your Oil, when scarce able to walk. You are the first introducer of the Electric Oil to my knowledge.

Col. Grant can be seen at No. 24 North Thirteenth st. Ask him. Ask Mrs. Hutchen, Seventeenth and Thompson sts., who was helpless, and cured by one bottle. Ask Mrs. Cannon, Coates st.; one dose saved the life of her child, dying of croup. Ask all Philadelphians who have tried my genuine Electric Oil.

Rheumatism, Palsy, Pains, Neuralgia, Baldness, Toothache, Burns, Piles, Stiff Joints, Cramps, Swellings, &c., cured in a few days. Beware, and take none but the genuine pure DeGrath's Electric Oil. All others are mere deceiving nostrums.

At the old established Depot, 39 South Eighth st., four doors below Chestnut. Prof. Chas. DeGrath sole proprietor in the world. Prices, 25c, 50c, and $1.

Store not removed.

Sold by H. BOSWORTH & SONS, RICE & STEVENSON, and J. H. TESCH, Wholesale Agents, Milwaukee.
